

ANNEXURE C – ASSESSMENT

We assess the practical competencies with rubrics

1	2	3	4
No / limited understanding It is the learner that needs constant assistance from a teacher or peers. Cannot start on their own	Basic understanding Cannot apply. Will start solving the problem and then wait for assistance with most tasks	Good understanding and can mostly apply. Needs occasional help. Might not always be able to explain all aspects	Advanced understanding. Needs occasional help. Can apply and debug without prompting. Can mostly explain all aspects

In term 4 we use the 18 competencies in grade R

Then we combine competencies

We assess the practical competencies with rubrics

Each practical competency can get a mark out of 4 – See the key above.

For the theory competencies, we give a 1 if they can answer or identify and 0 if they cannot answer.

We do not allocate ½ marks. Yes, they know it = 1 mark; No, they do not know it = 0 marks
