ABOUT THE PLANNER AND TRACKER

The curriculum and assessment planner and tracker is a tool to support you as a teacher. It provides a plan of what should be taught each day of the term. The plan for Home Language in the Foundation Phase is linked to the daily lesson plans. By following the programme in the tracker and the lesson plans, you will be sure to cover the curriculum in the allocated time, and to complete the formal assessment programme. By noting the date when each lesson is completed you can see whether or not you are 'on track'. If you are not, you can strategise with your head of department and peers on ways to make up time to ensure that all the work for the term is completed. In addition, the tracker encourages you to reflect on what works well in your lessons, and where your work could be strengthened. These reflections can be shared with colleagues. In this way, the tracker encourages continuous improvement in practice. This tracker must be kept and filed at the end of the term.

The following components are provided in the tracker table:

- Week in the term
- Lesson plan page numbers
- Days of the week
- CAPS content and skills for each day
- Date completed (this must be filled in each day)

Weekly reflection

The tracker gives you space to reflect on your Home Language lessons on a weekly basis. You can share this reflection with your HOD and discuss things that worked or did not go so well in your lessons. Together with your HOD you can think of ways of improving on the daily work that the learners in your class are doing. When you reflect you could think about such things as:

- Was your preparation for the lesson adequate? For instance, did you have all the necessary resources? Had you thought through the content so that you understood it fully and so could teach it effectively?
- Did the purpose of the lesson succeed? For instance, did the learners reach a good understanding of the key concepts for the day? Could they use the language expected from them? Could they write what was expected from them?
- Did the learners cope with the work set for the day? For instance, did they finish the classwork? Was their classwork done adequately? Did you assign homework?

Briefly write down your reflection weekly, following the prompts in the tracker:

- *What went well?*
- *What did not go well?*
- *What did the learners find difficult or easy to understand or do?*
- *What will you do to support or extend learners?*
- *Did you complete all the work set for the week?*
- *If not, how will you get back on track?*
- *What will you change for next time? Why?*

The reflection should be based on the daily lessons you have taught each week. It will provide you with a record for the next time you implement the same lesson. It also forms the basis for collegial conversations with your head of department and your peers.

Reflection

Reflection:

Think about and make a note of: What went well? What did not go well? What did the learners find difficult or easy to understand or do? What will you do to support or extend learners? Did you complete all of the work for the week? If not, how will you get back on track?

What will you change next time? Why?
